US, WILLIAM MARSH RICE UNIVERSITY

The above mentioned Joint Doctorate Programme has been selected under the Erasmus+: Erasmus Mundus programme and is entitled to receive European Union funding for fellowships to selected doctoral candidates from the European Union Member States, the European Economic Area countries and other countries.

Fellowships are awarded on the basis of a competitive selection procedure carried out by the Erasmus+: Erasmus Mundus consortium. Further details on the Erasmus+ and Erasmus Mundus programmes can be found on the Agency website:

http://eacea.ec.europa.eu/erasmus-plus_en

http://eacea.ec.europa.eu/erasmus_mundus/index_en.php

The tables in the annex contain the names of EMJD doctoral candidates selected by the consortium on a main list and a reserve list for the 2015 intake of the doctoral programme.

All candidates mentioned on the main list are recommended to be awarded an EMJD fellowship for a **period of three years** which will vary from 61.200 EUR to 129.900 EUR depending on the type of research programme (laboratory / non-laboratory based) and the fellowship category (Partner or Programme country).

Given that the lists contain personal data, this information should be treated in accordance with *"Regulation (EC) no 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community"*.

Details on the individual fellowship amounts and the way they have been calculated can be found under section 5.4 of the Erasmus Mundus Programme Guide:

http://eacea.ec.europa.eu/erasmus_mundus/programme/programme_guide_en.php

Candidates on the reserve list might be awarded an Erasmus+: Erasmus Mundus fellowship in replacement of candidates figuring on the main list.

Regarding the admission of doctoral candidates to Erasmus+: Erasmus Mundus Joint Doctorate Programme the existence of the COUNCIL DIRECTIVE 2005/71/EC of 12 October 2005 regarding the mobility of researchers as well as information on "scientific" and other types of visa should be noted. This Directive provides that EU Member States shall facilitate the admission procedure for third-country nationals who participate in European Union programmes enhancing mobility towards or within the European Union.

The directive can be accessed through the following link:

<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2005:289:0015:0022:EN:PDF>
